EAST NEWARK, N. J.
Stock Room, 486 BROADWAY, N. Y.

Bigelow Carpet Company,

ORIGINAL POWER-LOOM MANUFACTURERS OF

WILTON AND BRUSSELS CARPETS.

The Carpets made by this Company have received the highest award wherever exhibited,
including Gold Medals at the Paris Exposition, 1878, and at the Centennial, 1876.

Their deserved reputation for excellence of fabric, richness and durability of color, novelty
and beauty of design, has led to frequent infringements, and inferior goods have often been
palmed off in their stead. For the protection of the public the Company has adopted as a
trade mark the word "BIGELOW," which will be woven (at every repeat of the pattern) in
white capitals into the back of the fabric. Customers will therefore have merely to examine
the back of the carpet to be certain that they are getting the genuine Bigelow Wiltons or Body
Brussels.

These Goods can be obtained from all first-class dealers.

The Lowell Manufacturing Co.

SMITH, HOGG & GARDNER, AGENTS,

Nos. 66 & 68 Chauncey Street, Boston.

Nos. 115 & 117 Worth Street, NEW YORK.

For nearly half a century LOWELL CARPETS have been acknowledged to be the best
made.

The grade has never been lowered, and the Company unhesitatingly challenge comparison
with the productions of any other manufacturers in the world.

The word "LOWELL" appears in capital letters in the back of Lowell Wiltons and Body
Brussels, at every repeat of the pattern.

Lowell Ingrains are wound upon a hollow stick, which the United States Supreme Court has
declined to be a valid trade mark.

The public are therefore thoroughly protected against deception.

Furniture, Curtains and Upholstery.

DESIGNERS AND WORKERS IN

INTERIOR WOOD WORK, HARD WOOD MANTELS
AND FINE CABINET WORK.

TRYMBY, HUNT & CO.,

No. 492 Main Street,
WORCESTER, MASS.

The Queen Lace Curtain.

Patented in Great Britain and the United States.

NO POLES, NO RINGS, NO HOOKS.

TIME, TROUBLE AND EXPENSE SAVED.

In the upper part of each curtain there are two rows of long eyelets woven at regular intervals, in horizontal lines. The rows are sufficiently apart that when the curtain is folded down the eyelets face each other, and either a brass rod or stick, or bright colored ribbon, can be passed through them, and a heading is formed to the curtain, *without any stitching or safety pin being brought into requisition.* It is a most simple and handy contrivance, saving trouble, because the curtains so woven are in a couple of minutes ready to be hung in place at a window. This saving of time and trouble will be appreciated by housekeepers, who are frequently called on to prepare a room in haste, and who have to sew on rings or fasten in safety pins or hooks before a curtain can be mounted in place; but by this simple arrangement—using either one or both rows of eyelets, according to the length of curtain required—all preliminary trouble is avoided.

A Sample Curtain will be mailed to any Dealer on approval.
